RE: COVID-19

Dear Families of Canadian Rockies Public Schools,

CRPS was informed today that a Lawrence Grassi Middle School student was in contact with an individual who tested positive for COVID-19. As a precautionary measure, we have closed the classroom for the remainder of the week. A deep cleaning and sanitization of the classroom will be occurring. Our facilities staff will continue to clean and disinfect the school daily as per our ongoing practice. At this point, we are planning on reopening classes on Monday morning; however, parents of the students in the affected class will be notified of firm next steps by Sunday evening via email by school administration.

Out of respect for the privacy of any families or children involved, we are unable to provide any further information, except that this is a community sports-related case. Please refrain from phoning either the school or division office with regard to this matter.

AHS is experiencing a backlog in relation to contact tracing. If you receive information pertaining to you or a family member regarding exposure or potential exposure to COVID-19, please inform your school administration as soon as possible.

We remind parents/guardians of students, as well as any staff/visitors/volunteers, to monitor for any signs or symptoms of COVID-19. The Alberta Health Daily Checklist can be found [here](#). Please remember to complete the checklist with your child/children each day prior to attending school.

Sincerely,

Christopher MacPhee
Superintendent of Schools
